

FORBES AWARDS FUTUR 40 PRIZE TO ECOSLOPS

Paris, July 23rd 2018

Ecoslops, the cleantech that brings oil into circular economy by favoring oil waste is proud to announce that they have been awarded the Forbes Futur 40 prize. This prize rewards both 40 SME and non financial mid-cap companies eligible to AEP-SME listed in the Paris Bourse which have proved the highest turnover growth over the last three years.

Within the framework of the International Finance Forum organized by Paris Europlace and under the guidance of Paris's Member of Parliament Olivia Grégoire, the fifth edition of the Prize has been awarded to 40 companies for their turnover growth and design novelty in the light of data granted by Morningstar, in association with PME-finance-Europe Entrepreneurs, RSM Audit, F2iCand Paris Europlace.

Such a prize is set on the basis of the following criteria:

- A more than 15% turnover aggregate growth over the last three financial years,
- A minimum 5ME turnover,
- A company listed in the Paris Bourse with a minimum stock market footprint (floating, volumes) and certified information.

ABOUT ECOSLOPS

Ecoslops is listed on Euronext Growth in Paris

Code ISIN : FR0011490648 - Ticker : ALESA / PEA-PME eligible

Investor Relations : info.esa@ecoslops.com - 01 83 64 47 43

Ecoslops is the cleantech that brings oil into circular economy thanks to an innovative technology allowing the company to upgrade oil residues into new fuels and light bitumen. The solution proposed by Ecoslops is based on a unique micro-refining industrial process that transforms these residues into commercial products that meet international standards. Ecoslops offers an economic and ecological solution to port infrastructure, waste collectors and ship-owners through its processing plants.
